

Regulatory Disclosures 27 February 2026

Goodbody Stockbrokers Research provides research coverage on each of the issuers below.

Goodbody Stockbrokers uses the terms “Buy”, “Sell” and “Hold”. The term “Buy” means that the analyst expects the security to appreciate in excess of 10% over a twelve month period. The term “Sell” means that the security is expected to decline in excess of 10% over the next twelve months. The term “Hold” means that the analyst expects the security to neither appreciate more than 10%, or depreciate more than 10% over the next twelve months.

On 26th of November, 2012, the terms “Add” and “Reduce” were removed from the Recommendation Definitions and both were replaced with the “Hold” recommendation. Any Previous Recommendation that refers to either an “Add” means that the analyst expected the security to appreciate by up to 15% over a twelve month period. Any Previous Recommendation to “Reduce” means that the analyst expected the security to decline by up to 15% over the next twelve months.

Neither, Goodbody Stockbrokers nor any of its affiliates hold a principal position or controls on a discretionary basis more than 5% of the total issued share capital of any company where we have a research recommendation. This information was current as at the last business day of the previous month.

Goodbody Stockbrokers UC holds a proprietary position and/or controls, on a discretionary basis, more than 0.5% of the total issued share capital of IRES REIT
